Organisation of content in the NSW Mathematics K–10 Syllabus

Content in the *Mathematics K-10 Syllabus for the Australian Curriculum* (NESA, 2019; BOSNSW, 2018; BOSNSW, 2012) is presented as a continuum of learning in stages from Kindergarten to Year 10. Within each stage, the syllabus is organised into three content strands and further organised into substrands (many are separated into two parts '1' and '2') with the five components of Working Mathematically integrated into the strands.

The content presented for each substrand is developmentally sequenced from the top of each content page to the bottom and is organised as follows:

Flush to the left are the main concepts ie. Australian Curriculum **content descriptions** with what I call the 'number plates'

- (1st indentation level): **knowledge and skills** ie 'what' is to be taught and learnt
- ▶ (2nd indentation level): **Working Mathematically** components ie 'how' content is explored or developed
- (3rd indentation level): **mental strategies** with examples of written recordings.

The language section of each substrand K-6 includes a word list. Words appearing for the first time in each substrand are listed in bold type.

Content page numbers	*2019 revised hard copy (the 'orange book')	*2018 revised soft copy (PDF)	2012 hard copy (the 'orange book')	2012 soft copy (PDF)
Strands and substrands diagram	36	35	32	35
Early Stage 1 (Kindergarten)	65 - 66	63 - 64	57 - 58	62 - 63
Stage 1, Part 1 (Year 1)	113	111 - 112	101	106
Stage 1, Part 2 (Year 2)	114 - 115	113 - 114	102 - 103	107 - 108
Stage 2, Part 1 (Year 3)	174 - 175	173 - 174	159 - 160	162 - 163
Stage 2, Part 2 (Year 4)	176 - 177	175 - 176	161 - 162	164 - 165
Stage 3, Part 1 (Year 5)	247 - 248	249 - 250	229 - 230	232 - 233
Stage 3, Part 2 (Year 6)	249 - 250	251 - 252	231 - 232	234 - 235

*inclusion of the National Numeracy Learning Progressions (NNLP's)

Teach directly from the online interactive version

Use an interactive touchscreen/board with an annotating tool so that you can write directly over all the lightbox images contained in the syllabus. Free access from the NESA website:
